

# Implant Continuum™ Toronto East 2022

Lion Berzin, DDS  
Toronto, ON

32

CE Hours

A movement from theory to practice. There are many excellent implant training programs available in both Canada and the United States. After obtaining a solid foundation in the field of implant dentistry through several weekend courses, countless hours of theory and some hands-on training on models, it is not always easy to start placing implants on your own. Many clinicians start with simple, straight-forward implant cases, usually “slam dunk” cases, which is a safe and predictable place to start. As time passes and the information you gained from your training fades, it becomes a challenge to treatment plan and confidently perform more complex cases. If this sounds familiar and you would like to be part of a program that can help you achieve your goals in implant dentistry, then Implant Continuum™ Canada may be exactly what you are looking for.

## More than a study club

- Small group learning environment; maximum of 12 participants
- Up to 4 one-day, hands-on surgeries on your own patients
- Up to 4 lectures on topics you choose
- On-going clinical support before and long after the session is over
- You may bring your own assistants to observe, take notes, learn to set-up rooms, as well as, become valuable members of your surgical team

### Course Dates / Schedule

## Speaker: Lion Berzin, DDS

Dr. Lion Berzin is an award-winning doctor who has received recognition for his work in pharmacology, oral and maxillofacial surgery and implant dentistry. He combines more than two decades of experience with careful innovation and cutting-edge technology to create the gorgeous smiles his patients dream of. His reputation for excellence has spread from his patients and referring doctors throughout the entire implant dentistry field. That reputation, along with his numerous international credentials and accolades, has elevated him to the top echelon of oral implantology.

Dr. Berzin is actively involved in advancing the field of implant dentistry, and is founder and Director of the Implant Continuum Toronto East. He is Past President of the American Board of Oral Implantology/ Implant Dentistry and holds Diplomate status at the ABOI/ID.

He holds Diplomate status at the International Congress of Oral Implantologists. He is a Fellow and Honored Fellow of the American Academy of Implant Dentistry, and Past President of the American Academy of Implant Dentistry Central District. Dr. Berzin is on Faculty with the Misch International Institute Canada, and is actively involved with numerous dental implant organizations and study clubs, while maintaining private practice in Toronto.
